Peter J. Pezzullo
CHIEF OF POLICE
732-536-0100 Ext. 1673

March 18, 2020

Marlboro Township Police- Marlboro Township Police Chief Peter Pezzullo in response to the concerns regarding the COVID-19 virus is advising the public that every effort is being made to maintain police services to our residents.

The community should be aware that some changes have been implemented in order to provide the police department with the best way of providing emergency services while maintaining the safety of all first responders.

Call takers for the police department have been instructed to ask standardized pre-arrival screening questions to better identify how the police department should respond to the request for service.

Marlboro Township Police Officers have been receiving training on responding to calls for service where an increased risk of potential exposure is present. The general public should be aware that police officers, in accordance with the Centers for Disease Control and Prevention guidelines have been directed to maintain an acceptable social distance of 6 feet while conducting interviews.

Police officers may request to speak with you outside of your home to gather proper information in relation to the call.

For police requests of a non-emergent nature such as thefts, criminal mischief, harassment complaints, etc., citizens are urged to file an online police report through the police department's website.

<https://www.marlbropd.org/node/add/crime-report-wizard>

Should you require an immediate police response you should dial 9-1-1.

Every effort is being made to maintain a continuity of service to our community in response to the Corona Virus COVID-19 while limiting exposure to the first responders of Marlboro Township. The community's cooperation and understanding is appreciated during this time.

Sincerely,

Chief Peter J. Pezzullo
Marlboro Township Police
